Holocaust Remembrance Program Engages Yonkers Students In Living History

To honor the memory of the 12 million victims of this horrific genocide, JCY-Westchester Community Partners and Lincoln Park Jewish Center will offer the Holocaust Remembrance Program from March 7, 2016 through March 11, 2016. All Yonkers Public School students, as well as the entire community, are invited to attend. The event features live accounts given by survivors and a poster display, 'Courage to Remember' by the Simon Wiesenthal Center. The posters depict the history, resistance, and impact of the Holocaust.

Last year, Holocaust survivors shared their very personal stories with 2,500 middle and high school students. The students listened, asked questions, and learned first-hand how the Holocaust impacted real people. This "living history lesson" is intended to promote empathy and underscore the importance of having respect for all people.

Students learn to apply the lessons from the Holocaust survivors to become "upstanders" (those who stand up for their neighbors) instead of bystanders. One student who attended the program last year wrote, "I will remember to always protect, prevent and never be silent in dangerous situations as you can be a hero for stopping these things. Never again should this happen as we have outgrown our violent past and now we must have a peaceful future forever."

"Never Again"!

The Holocaust Remembrance Program is coordinated by JCY-Westchester Community Partners in partnership with *The Yonkers Public Schools* and is sponsored by *Lincoln Park Jewish Center* and *The Holocaust & Human Rights Education Center*.

This is the last generation of children who will ever meet a Holocaust survivor!
